## RICO ESPINET

Photograph by Joe Gaffney

Rico Espinet is known for creating striking, poetic environments that combine clean lines and simple forms. Reflecting his training as a sculptor and a preoccupation with personal interiors, Rico's design sensibility is grounded in materials and values that endure. He mixes furnishings, lighting, accessories, industrial objects and fine art to create comfortable yet extraordinary spaces. His popular Robert Abbey Lighting collections feature warm, often atmospheric light inspired by the beauty of everyday objects.

Trend meets tradition in the WILLIAMSBURG collection. Inspired by 18th-century patterns in rare books, architectural details in the “Revolutionary City,” and decorative details and colors in the vast design archive of the Colonial Williamsburg Foundation, Robert Abbey’s talented design team has developed lamps and fixtures with timeless style and contemporary appeal. They’ve channeled global chic from England’s 18th-century trade goods and paired Asian elegance with urns that represent the classical foundations of British and American architectural heritage.

WILLIAMSBURG is the brand of The Colonial Williamsburg Foundation, the large not-for-profit organization that keeps history alive by maintaining the country’s oldest and largest outdoor history museum. Here, visionaries like Thomas Jefferson and Patrick Henry debated the promise—and perils—of a revolution that would change the course of history and lead to the founding of the United States of America. Sales of WILLIAMSBURG products support the mission of historical education, preservation, and the nurture of active citizen engagement.

Established in 1936, WILLIAMSBURG invented licensing of museum-based home furnishings. Today they collaborate with over 40 licensees, including Robert Abbey, Inc., Benjamin Moore, and Global Views, to offer classic American style for the way we live today. To learn more about the licensing program, visit [www.WILLIAMSBURGbrand.com](http://www.WILLIAMSBURGbrand.com).
